Wedding party bookings and special occasion groups often use the private charter option for the Sanity vessel to ensure the experience is tailored entirely to the group. These bookings require advance coordination on itinerary, catering options, and timing that phone booking facilitates better than online checkout. Guests who want to arrange Sea Scooter rentals for multiple group members in advance can confirm availability and reserve units during the booking process. Sea Scooters are limited in number, so advance reservation ensures every group member who wants one has access. For return guests or guests who have been referred by past customers, there may be special consideration available. The Kaanapali Ocean Adventures team values the referrals that have contributed to the company's nine-year TripAdvisor excellence record.
