

Beyond the morning snorkel and whale watching tours, Kaanapali Ocean Adventures offers evening options for guests who want to experience Maui's West Side waters at the day's most beautiful time. A sunset cruise from Kaanapali Beach combines the spectacular West Maui coastline with the colors of the Hawaiian sunset in an experience that is completely different from the daytime tours. Maui's west-facing coastline receives the full expression of Pacific sunsets. The combination of Lanai and Molokai on the horizon, the volcanic profile of the West Maui mountains behind the boat, and the colors of sunset over the open Pacific produces scenery that photographs cannot fully capture. The private charter Sanity vessel is available for sunset cruises for groups who want an exclusive experience. This option is particularly popular for anniversaries, honeymoons, and special occasion celebrations where the exclusivity and setting combine to create something genuinely memorable.
