# History

Founded in 1937, Air Canada has a rich history as Canada's largest and oldest airline. Initially known as Trans-Canada Air Lines (TCA), it rebranded to Air Canada in 1965, symbolizing its national identity. Over decades, the airline expanded its fleet and routes, becoming a key player in international aviation. Air Canada's entry into Atlanta marks its commitment to connecting major U.S. cities to Canada and other global destinations. The airline's presence at ATL reflects its strategy to cater to the Southeastern United States, offering travelers convenient access to hubs in Toronto, Montreal, and Vancouver. Air Canada's legacy is built on innovation, customer service, and a strong safety record, ensuring a trusted travel experience.
