So, What's the Deal with Eyelash Extensions?

Basically, they're fake lashes made of stuff like synthetic fibers, mink, or silk that a trained lash tech glues to your real lashes. They stick them on one by one with special glue that's safe for your eyes. This gives you a natural but full look that goes with your eye shape. Unlike those strip lashes, these last for weeks if you take care of them.

Different Kinds of Lash Extensions

The lash spots here have a bunch of styles to pick from:

- Classic Lashes
  They put one fake lash on each real lash. It's a simple, pretty look that's great for every day.
- Hybrid Lashes
  It’s a mix of classic and volume lashes, so you get a bit more fullness without going overboard.
- Volume Lashes
  They fan out a bunch of thin lashes and stick them to one real lash. This makes a bolder, more dramatic look that’s good for parties or if you just like a lot of lash.
- Mega Volume Lashes
  If you want the most intense look, these give you super full and thick lashes that still feel soft.

How It Works

Getting **Eyelash Extensions in Missouri City** takes some time. Expect to be there for about 90 to 120 minutes for a full set:

- Chat: The lash artist will look at your real lashes, talk about what you want, and tell you what kind of lashes would be best.
- Prep: They clean your real lashes to get them ready for the glue.
- Stick 'Em On: They use tiny tweezers to put each fake lash on one by one with special glue.
- Finishing Up: They brush your lashes and make sure everything is even and looks good.

Then you'll have awesome lashes that last!

Keep 'Em Looking Good

Taking care of your lashes is key to keeping them looking great:

- Don't get them wet or steamy for the first day or two.
- Use oil-free cleansers and makeup around your eyes because oil can mess with the glue.
- Brush your lashes every day with a clean brush.
- Get them filled in every 2–3 weeks to keep them full.
- Sleep on your back if you can so you don't crush them.

If you do these things, your lashes will stay pretty for weeks.
